2019- explore sergio michelsen's board &quot;the board of directors of the company is the highest decision-making body in the company. It is composed of members elected by the shareholders of the company. The board is responsible for the overall management and business operations of the company, and for determining the company's strategy and financial policies. It also has the authority to appoint and dismiss the company's management personnel, and to review and approve the company's annual financial statements and business plans. In addition, the board is responsible for ensuring the company's compliance with applicable laws and regulations, and for promoting the company's long-term sustainable development. The board's decisions are binding on the company's management and all employees. The board members are elected by the shareholders for a fixed term, and may be re-elected. The board may also elect one or more directors to represent the interests of different classes of shareholders. The board's powers and responsibilities are defined in the company's articles of association and the company's bylaws. The board is also responsible for the company's risk management and internal control systems. The board's work is supported by the company's independent directors and the company's internal audit department. The board's decisions are subject to the approval of the shareholders at the general meeting of the company. The board's members are elected by the shareholders at the general meeting of the company. The board's work is supported by the company's independent directors and the company's internal audit department. The board's decisions are subject to the approval of the shareholders at the general meeting of the company.
